Holistic Skin & Gut Wellness with Dr Lexi

Consultations are conducted by a Registered Nurse or Doctor and involve a comprehensive discussion of your concerns, relevant medical history, and an assessment of your skin and facial features where appropriate. The purpose of this appointment is to determine suitability for potential treatment options and to provide information about available procedures, including expected risks, benefits, possible side effects, costs, and alternative options. If you are unsure which service to book, please contact our clinic for guidance.
